NOTES AND PRECIS.

Letter No.Pol.699/Med.40-30-14, dated the 24th December, 1931, from the Secretary to the Government of Mysore, General Department.

In letter No.Pol.793/Medl.214-28-7, dated the 20th January, 1930, the Government of Mysore proposed that the cost of Europe medicines, pension allowances of the staff and the cost of the maintenance of the buildings might be taken into account in future for the purpose of arriving at the cost of maintaining the lepers and the lunatics including those belonging to the Civil and Military Station. The District Magistrate and the late Pay and Accounts Officer were consulted in the matter. The District Magistrate informed this Residency that the proposal was reasonable and might be accepted. The late Pay and Accounts Officer considered that the sanction of the Government of India was necessary.

The Government of Mysore who were asked to furnish further particulars has now forwarded a statement showing the present and proposed cost per head per annum. From the statement it will be seen that the Government of Mysore claim Rs.85-8-9 more per annum per head in the case of European and Indian Mental patients and Rs.20-14-7 more per annum per head in the case of Indian Lepers.

The Government of India may be addressed in the matter as suggested by the late Pay and Accounts Officer. Draft letter to the Government of India is submitted for approval.

Before issuing the draft, the file may be sent u.o. to the District Magistrate and the Financial Adviser to the Resident for favour of remarks.

It is not clear how the rates of 3 annas, 9 pies or 2 pies per head have been arrived at. What is the total number of mental patients and lepers that has been taken for the purpose of the calculation, and what does that number represent?

The capital cost of the buildings for the mental hospital and the leper asylum has not been given separately Information on the above 2 points may be called for and

the rates checked before finally addressing the Government of India.

Please see S.N. ~~12~~ 1 & 2 and the notes in paras 7 and 8. The figures furnished by the Mysore Government have been checked and found correct. The indirect charges for Mental Patients do not include cost of medicines. It is not clear how the indirect charges for Lepers viz. 11 pies per head has been arrived at.

As the official year 1931-32 was closed, the Government of Mysore would now be able to give the actual cost of maintenance of Mental and Leper patients during 1931-32 according to the revised rates proposed by them. The Government of Mysore have furnished all the information required by the Financial Adviser in para. 7 and 8 of his notes. The figures have been checked as suggested by the Financial Adviser. A revised draft letter to the Government of India is submitted for consideration. In the last paragraph of P.U.C. the Government of Mysore state that revised bills for the period from 1st April 1930 to 31st March 1931 will be sent to this Residency in due course. The question has been under correspondence since January 1930 (and we cannot delay further). If approved they may be informed that the Hon'ble the Resident has recommended to the Government of India the payment of indirect charges with effect from 1st April 1931.

Draft letter to the Government of Mysore is also submitted for approval. Before the issue of both the drafts the file may be sent u.o. to the Financial Adviser for favour of remarks.

THE RESIDENT'S
U.O. No. 6319
Dated the 21st Sept. 32

No. W0/83
22-9-32

The Mysore Government have adopted two different methods for working out the indirect charges in the two cases of the Mental Hospital and the Leper Asylum. It is not clear why the same method should not be adopted in both cases. In para 2 of the draft, we give the Government of India particulars of the calculation in one case only. We shall have to give them the particulars in both cases or not at all.

Out of the indirect charge of 0-3-9 per day per head in the Mental Hospital, 3 annas relate to maintenance of the building which is taken at 7 per cent of its Capital Cost. There seems to be no reason why actual charges should not be taken as in the case of the Leper Asylum. The Mysore Government may be asked about this, and also to give the rate for the charge of worked out on actuals. It is just possible that it would be much less than 3 annas. As the additional claim made by Mysore Government is pretty considerable, it seems that we may make this enquiry before finally addressing Government of India.

A draft is submitted for consideration.

As verbally ordered by the Secretary the following further note is put up:-

X S.N. 1. Col. at Slip "F"

In May 1931 the late Pay and Accounts Officer asked for a copy of the final orders passed in the matter of the inclusion of certain indirect charges in calculating the maintenance charges of the Civil and Military Station patients confined in the Mental Hospital and Leper Asylum of Mysore State. The Assistant Secretary then ordered that there was no need to issue a reminder to Mysore Government as this was a matter in which they were interested and it was for them to expedite the settlement of the question if they wished to do so. vide notes on S.N. 1. The Government of Mysore took a long time in replying references made from this office.

*Slip "F"

On account of objections raised by the Financial Adviser in paras 7, 15, 16, 20 and 21 of the notes, the Government of Mysore have finally agreed and calculated indirect charges of Lunatics on the actual expenditure incurred by them as in the case of Leper Patients. The original claimed for actual cost of maintenance of lunatics has therefore been reduced considerably. We were therefore justified in making several references to the Mysore Government on the subject.

Is this correct i.e. "Pension allowances"?

The term was used by the Mysore Government in S.N. 427/47-A-1896. It has been corrected as Pension contribution.-vide Fundamental rule 117(a).

The Mental Patients and Lepers of the Station are admitted in Mysore State Mental Hospital and Leper Asylum. Therefore the word (State) inserted by the Resident in para 2 is correct.

Note. The question is whether any portion of this sum can be met from savings.

Id. T.P.

It is too early to anticipate any savings in the ----- Assigned Tract budget. The local officers will surrender their savings only in December 1933 i.e. the date fixed for them to do so. Further a reduction of Rs. 18700/- was made by the Government of India in the budget for 1933-34 ----- submitted by the Resident-vide notes on S.N. 62/F. 276-1932. Para 5(2) of the draft may, if approved, be altered as ----- follows:-

"In the event of my recommendation being accepted, I shall endeavour to meet this additional expenditure by reappropriation from savings, if any, anticipated elsewhere in the Assigned Tract budget. If this is not possible --- application for additional grant will be made early in ---- December 1933.". i.e. 15th December the date fixed by the Government of India for applying for additional grants.

A statement is also attached to the draft showing how the sum of Rs. 17860/- referred to in para 5 of the draft has been arrived at. This gives further information, if any, required by the Government of India.

With reference to your letter No. 1649/261 of 1931 dated the 3rd March 1932 regarding the calculation of charges for the maintenance of the Mental and Leper Patients of the C & M. Station Bangalore, I am directed to state as follows:-

1. Maintenance of the Mental Hospital building: The capital cost of the building is Rs.1,60,000 and 7% of this cost will be Rs. 11,200 per year or Rs. 2,800 per quarter. This amount devided by the total number of patients treated daily during the quarter i.e., -- 14740 will give annas 3 per head.

2. Pension allowance of the staff: The total cost of the -- establishment per quarter is Rs. 4971 and 14% of this cost divided by the total number of patients treated daily i.e., 14,740 will give 9 pies per head.

3. Cost of Europe Medicines. The cost of Europe medicines during the year 1930 was Rs.432 which divided by 4 will give Rs.108 per quarter and this divided by the total number of patients treated daily during the quarter i.e., 14,740 will give 2 pies per head.

Subject:- Charges for the maintenance of the Mental and Leper Patients of the ---- Civil and Military Station, Bangalore.

Sir,

I am directed to acknowledge with thanks the receipt of your letter No. Pol. 1136/Medl. 40-30-17, dated the 20th April, 1932, and to request that you will be so good as to forward separate bills on account of the maintenance charges of the mental patients and Lepers of the Civil and Military Station, Bangalore, in Mysore State Asylums for the official --- year 1931-32 according to the revised rates proposed in Mr. Ranga Rao's letter No. Pol. 699/Medl. 40-30-14, dated the 24th December, 1931.

2. The average indirect charges per diem given for the maintenance of European and Indian Mental Patients are 0-3-9 per head. It appears that the cost of Europe Medicine has not been included in

in this sum. I am to enquire whether the omission is intentional or whether the cost has been included elsewhere.

The average indirect charges per diem given for the maintenance of Indian Lepers are 11 pies per head. I am to enquire how this sum has been arrived at. The total number of lepers that has been taken for the purpose of calculation may kindly be stated.

The General Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

Sir,

I am directed to refer to your letters No. Pol. 1136/Med. 40-30-17, dated 22nd April 1932 and No. Pol/230/Med. 40-30-21 dated 30th August 1932, and to enquire (1) whether there is any reason why the indirect charges cannot be worked out on the basis of actuals in the case of the Mental Hospital as in the case of the Leper Asylum and (2) what would be the rate if it is so worked out.

I have the honour to be,

Sir,

Your most obedient servant,

SECRETARY TO THE RESIDENT.

Indirect charges in the case of Mental Hospital, Bangalore.

Sir,

S.N. 47. P.W.D. Corr. (A)

With reference to your letter No.Pol. 645/Med.40-30-25, dated the 6th January, 1933, I am directed to point out that, from the statement received from the Superintendent, Mental Hospital, it appears that an estimate of 7 per cent on the Capital cost of Rs.1,60,000/- or Rs.11,200/- per annum or Rs.2,800/- a quarter, is the basis adopted and not the actual cost of maintenance. I am, therefore, to request that, if there is no objection, the indirect charges in the case of the Mental Hospital may kindly be worked out on the basis of actuals as in the case of Leper Asylum.

S.N. 54. Reply D.

2. The bills for the year 1931-32 received with your letter No. Pol.230/Med. 40-30-21, dated the 29th ~~September~~ August, 1932, are returned for revision if necessary. I am also to enquire when the revised bills for the year 1930-31 referred to therein may be expected.

3. The favour of a very early reply is requested.

I have, etc.,

Subject:- Charges paid to the Government of Mysore for the maintenance of patients of the Civil and Military Station of Bangalore detained in the Mental Hospital and Leper Asylum of Mysore State.

Sir,

S.N.40. 529-86.

I have the honour to refer to the Foreign Department's letter No.328-I, dated the 25th January 1889, in which the Government of India agreed to the Resident's proposal that the maintenance charges of both lepers and lunatics of the Civil and Military Station of Bangalore, detained in Mysore State Asylums, should be adjusted as a charge against the revenues of the Assigned Tract.

2. In calculating the cost of maintaining such persons in the Mysore State Mental Hospital and Leper Asylum in Bangalore City, only the items noted in the margin are at present taken into consideration, while the pension contribution of the staff and the actual cost of the maintenance of the buildings

* (1) Diets.

(2) Hospital necessaries, e.g., phenyle, chunnam, soap, straw, bandage cloth, cotton, wool etc.

(3) Bedding and clothing including mats, blankets, cotton carpets, saddles and dungry cloth.

re

(4) Other charges, viz., materials for providing occupation for the patients, Railway fare and batta to discharged patients.

(5) Contingencies, e.g., electricity and water charges, repairs to furniture, postage and telegraph charges; and

(6) Establishment - the pay and leave allowances of the superior staff and the pay of the menial staff.

are not taken into account. The Government of Mysore suggest that these items also should be taken into consideration for the purpose of arriving at the cost of maintaining the lunatics and lepers of the Mysore State including those belonging to the Civil and Military Station.

3. I enclose a Statement (Statement I) showing the present and proposed average cost of maintenance of mental patients and lepers of the Civil and Military Station of Bangalore in the Mental Hospital and Leper Asylum of the Mysore State in Bangalore City. From the Statement it will be seen that the extra cost involved by the proposal is Rs.85-8-9 per annum per head in the case of European and Indian mental patients and Rs.20-14-7 per annum per head in the case of Indian lepers.

4. The District Magistrate, Civil and Military Station, Bangalore, whose views were invited in the matter, considers that the proposal of the Mysore Government is reasonable and may be accepted. He further states that similar charges are paid to the Government of Madras in the case of convicts of the Civil and Military Station confined in the Madras jails. I agree with the District Magistrate and recommend that the indirect charges claimed by the Mysore Government may be accepted with effect from the 1st April 1930.

5. The Government of Mysore have claimed these indirect charges from the 1st April 1930, i.e., the year in which the question was first raised by them. As the method of calculating these charges was under correspondence the question could not be submitted

submitted to the Government of India earlier. If my proposal is accepted the additional cost during the current year will be Rs.17,860/- as shewn in the detailed Statement attached - Statement II. I shall endeavour to meet this additional expenditure by reappropriation from savings, if any, elsewhere in the Assigned Tract budget. If this is not possible, application for an additional grant will be made early in December 1933. Necessary provision will be made in the budget for future years.
